

Multiple Child Discount Policy

Legal guardians of children attending multiple SWOSU Music Camps are entitled to a family discount on the second, third or more children attending a SWOSU Music Camp. The discounts will be applied as follows:

15% off the total cost of a music camp (including key deposit) for a second child if the child's guardian(s) is/are paying full tuition for the first child.

20% off the total cost of a music camp (including key deposit) for a third child if the child's guardian(s) is/are paying full tuition for the first child.

25% off the total cost of a music camp (including key deposit) for a fourth child if the child's guardian(s) is/are paying full tuition for the first child.

These discounts will only be applied if each child is not receiving any scholarship assistance from SWOSU, the child's school district or band booster program. This discount is intended to defray the cost to families who are paying full tuition price for camps with multiple children attending.

The discount can be applied across multiple camps. For example, if one child is attending the Choral Camp and one child is attending the Band Camp, the 15% discount will apply for the child attending the Band Camp.

The discounts are not necessarily automatic. The camp office will make an effort to apply the above discount, but it is the legal guardian's responsibility to request the discount.

Exceptions to the above policy must be authorized by the camp director.
